“ We had Aaron with SOP DJ our wedding last weekend, I recommend him 1000 percent. He helped make our day absolutely perfect! He kept everything flowing from the ceremony through dinner, and the rest of the reception. We had everyone coming up to us telling us how great our DJ was. He's super professional and throws a great party. Played great fun music, we danced all night! Also had super cool effects! Definitely use him for any event! ”

Jacqueline M., Kansas City, KS

“The photo booth was a hit all night long. If we had to start planning our wedding all over again, we would definitely lock down Sound Origin Productions as one of our first vendors.”

-Krista O., Manhattan, KS

ABOUT THE DJ:

"From a young age music has been a big part of my life. Being a drummer myself and playing with many types of digital percussion, DJing is a natural fit and passion of mine. Its not a job, its an opportunity to bring everything people love about music and give back. I'm a lover of all music and you will find me beat matching grooves, effects and scratch transitions to keep the party going. Its simple.... I love music, really great sound systems, cool lighting, a fun photo booth and parties. Hire SOP and your event will be bananas!"
